

HALE VETERINARY CLINIC

Fraser Hale, DVM, FAVD, DiplAVDC

BOARD-CERTIFIED
VETERINARY DENTAL SPECIALIST

DENTAL AND ORAL SURGERY FOR PETS SINCE 1991

Dear Colleagues,

To refer a case to Hale Veterinary Clinic please do the following:

Complete and submit this form - <http://www.toothvet.ca/PDFfiles/referral.pdf>. Ensure your writing is legible and include all pertinent history.

Send along a current CBC (with platelet count) and biochemical profile as well as any other diagnostics I should be aware of. Please do a complete physical examination when the animal is in for blood collection.

Send proof of current rabies vaccination because [Policy on Rabies Vaccination](#).

If you have clinical photographs and/or radiographs, email them to toothvet@toothvet.ca using the pet's name and owner's last name as the subject line.

The owners must call us themselves (Mon. to Fri., between 9 and 3) to talk to our referrals co-ordinator and schedule their appointment.

Many owners are curious about an estimate. A fair question that is very hard to answer. Here is our statement on that - [Estimates](#).

If you have any questions, please call. Thank you very much for your continued support.

Sincerely,

Fraser A. Hale, DVM, FAVD, Dip AVDC
